## MONOTEL DAR EL BARKA

### Design & Build Residential

**Monotel Dar El Barka is a reference hotel in Nouakchott, Mauritania, which has decided to choose GG for the expansion of its capacity, growing by 127 rooms, 7 suites, a conference centre with capacity for 180 people and a new laundry.**

This new hotel building was designed exclusively for the well-being and comfort of each guest. The rooms with large areas offer all the comfort that we have become accustomed to today.

A new entrance for VIP clients with private parking, as well as the refurbishment of the hotel's infrastructures (sanitation, water supply, electricity system, etc.) were also works under the responsibility of GG.

The exterior space was also renovated, providing green spaces and modern common spaces for all hotel guests.

**YEAR OF CONSTRUCTION:** 2019

**LOCATION:** Nouakchott - Mauritânia

**LEAD TIME :** 18 Months
